

Homework 9
MTH 3270 Data Science
Due Fri., May 8

Read These Chapters of the Book	Then Do These Exercises
9	9.5*

* For **Problem 9.5**, you can copy and paste the R code below (instead of typing it yourself):

```
# install.packages("mdsr")
library(mdsr)

# install.packages("Lahman")
library(Lahman)

hof <- Batting %>% group_by(playerID) %>%
  inner_join(HallOfFame, by = c("playerID" = "playerID")) %>%
  filter(inducted == "Y" & votedBy == "BBWAA") %>%
  summarize(tH = sum(H), tHR = sum(HR), tRBI = sum(RBI), tSB = sum(SB))
```
